Bridging Gaps - Stemming Polarization

Have you ever hesitated to enter a conversation with someone because they are "different" or their views are "different"? Have you felt fear or felt they needed to be "fixed"?

In this workshop, you will have the opportunity to learn and practice interpersonal communication techniques that Rev Trish Hall, founder of Way2Peace and spiritual leader of Center for Spiritual Living Metro, will be introducing. You can use them to bridge all gaps: with people who are new to you or as close as family members ... with anyone who holds different views than your own. You will leave as a Peace Builder able to be with people of divergent perspectives to help narrow the polarization
